	<b>Players</b>			<b>22</b>				<b>20</b>				<b>11</b>			<b>10</b>			
	<b>Total Players</b>			<b>54</b>				<b>36</b>				<b>33</b>			<b>29</b>			

The system recognises the number of players in each competition so that the better attended the competition is, the more points the winner gets. The winner gets the same number of points as there are players plus 2. All other players get the same number of points as there are players less the number of their place in the competition plus 1. Players who compete in at least one eligible competition during the year receive 0 points for any eligible competition in which they do not compete. Where 2 or more players have the same number of strokes in a competition, the points that would otherwise be allocated to each position they occupy are totalled and divided equally between them. At the end of the year, the player with the largest number of points wins.
