

APPA NATIONAL RANKINGS - 2016

(All qualified players)

For State competitions, points are awarded from 20 to 2 for places 1 to 19 respectively. All other players receive 1 point.

For National competitions, points are awarded from 30 to 2 for places 1 to 29 respectively. All other players receive 1 point.

Where 2 or more players have the same number of strokes in a competition, the points that would otherwise be allocated to each position they occupy are totalled and divided equally between them.

At the end of the year, only those players who have completed play in at least 4 competitions, at least 2 of which were on away courses, will qualify for final ranking. The winner will be the player whose total points for their 4 best competitions, including at least 2 away competitions, are the greatest.
